

# 2380

## TILE & GROUT CLEANER

Chemico 2380 keep your tiled floors clean even your porous grout. This product gets deep into the pores and flushes out the dirt and grime that can cause discoloration. Chemico 2380 uses 20% phosphoric acid that is aggressive at removing rust, algae, and calcium deposits. This product also eliminates odor causing bacteria so after you clean all you will smell is the fresh cherry scent of 2380.

### PRODUCT APPLICATION

- Cleans excessive build up off all non-porous surfaces and grout
- Easily clean your shower, sinks, and toilets
- Eliminate algae and scale
- Use for general clean up
